

National ANTI-RACISM Teach-in

Rethink. Reconnect. Restore.

AGENDA | 2020 Teen Experience: August 7, 2020

Summary: Middle and high school students will explore the foundational history of race and structural racism in America. This experience offers a respectful space for students to reflect on their own views and behaviors. Participants will learn how to recognize the presence of racism in ways often unintended or overlooked and strategies to become more active participants and change agents in society.
